■ **Petition to PM Gordon Brown regarding the persecution of Falun Gong practitioners in China**

Hello Friends,

I hope you can spare some time to view this petition to PM Gordon Brown regarding the persecution of Falun Gong practitioners in China, with a view to adding your name to it.

This group of wholly peaceful adherents to the belief system Falun Gong, also known as Falun Dafa, have been subjected to a ruthless and systematic series of torture and murder since the movement was banned by then President Jiang Zemin in July 1999, and the current President Hu Jintao has carried on the persecution with equal ferocity, culminating in the harvesting of organs from live practitioners for sale abroad.

Now that ten years have passed and western politicians still show a reluctance to get involved for fear of upsetting the economic appplecart in dealings with China, we hope that you would consider adding your influence to the cause in some small way.

I am not a practitioner myself but I know many people who are, both Chinese and non-Chinese, and I can vouch for their honesty and integrity in everything they do. The website to sign is set out below:

Hoping you can help,

best regards  
John Dee (Vice-Chair - European Friends of Falun Gong)
